# ALEGRIA Method

## Conceived with pride

The development of new methods is in the DNA of our socio-educational project. And we are just at the beginning.

That's why we developed the **ALEGRIA** method. It was conceived from the marriage of our co-founder Audrey Conjat's experiences as a foreigner with the pedagogical expertise of our teaching staff.

All the courses are based on dynamic activities, games, texts, various topics of conversation (culture, business, tourism...), real situations, music, internet and much more. Conversation is the biggest preoccupation, as in general, the student's main objective is to be able to communicate. So that the student can develop a large vocabulary, we cover a wide variety of subjects in the lessons.

The method is complete and develops the four competences of the **Common European Framework of Reference:**

- Speaking
- Writing
- Listening
- Reading

## with a Brazilian family

An ideal option is to choose to stay in a family home:

Sharing the life with a Brazilian family allows you to not only speak more Portuguese outside of the classroom, but also to enjoy more the Brazilian culture and lifestyle.

It's the best way to get to know the daily life of a local family. It's a **total immersion** into the Brazilian lifestyle and the Portuguese language. Our families are selected for their great locations, friendliness, warmth, comfort and quality of their homes.

All our families are personally managed by a member of our school staff, and are verified to ensure that they conform to the standards and quality expected by the school.

Please consult  
availability

## Events to Socialize

We are **SOCIAL!**

### Follow our social networks!

As well as your experience inside the classroom, the school also promotes events to help students to socialize. These events are a great opportunity to practice Portuguese.

There are walks to different sights and points of interest, Happy Hours, parties, cooking classes, as well as external classes at museums etc.

All of this provides the student with a **total immersion** experience of living in Brazil. Our events are open to students, teachers, ex-students, friends and relatives.
