Santander

"Santander is the perfect place to learn Spanish: a small city, with the sea and the mountains in the background; it's safe and comfortable, with a neutral Spanish accent. Overall, an unbeatable destination".

Santander is beautiful, very beautiful. Santander is not only beautiful on sunny days. We can also discover its charm under the rain.

Santander

A city of natural and artistic beauty

The beaches of Santander are a natural treasure that embody the essence of the city. Framed by the Cantabrian Sea and the impressive surroundings of the Magdalena peninsula, the Sardinero beaches are a symbol of the maritime character and beauty of Santander.

These beaches, known for their fine golden sand and crystal-clear waters, offer an ideal place to relax or enjoy water and sand sports.

El Sardinero, with its extensive beaches, is a meeting point for both locals and tourists looking to enjoy the tranquility and beauty of the northern coast. Along the promenade, you can appreciate the life of the city with its outdoor cafes, gardens and the characteristic Santander atmosphere.

These beaches not only stand out for their natural beauty, but also for the services they offer, such as playgrounds, chair and umbrella rentals, and a promenade that invites you to take long walks along the sea.

Northern Spain offers a wonderful destination. Santander has been chosen as the third best small city in the world to live in by the prestigious Monocle magazine.

The school

“Welcoming, professional and friendly atmosphere. That is what I was looking for when I decided to start learning Spanish and I found it in El Aula Azul. I have been studying with them for four years and I feel at home at the school. It is my second family”

Like our students, we are convinced that **immersion in the cultural environment of the language is vital for learning**. What good are long grammar reviews or knowledge of the structures of a language if we are not able to put them into practice once we go out?

Based on this premise, we **create and personalize our programs** for our students based on their interests, playing games and organizing projects that motivate them and help them experience the language in the most real way possible.

This motivates them and helps them experience the language inside and outside the classroom.

Activities

"Every day, after class, we have something to do: kayaking, routes through the city, dance classes... It helped me make new friends aside from my classmates, and, of course, to practice Spanish outside of school."

Every Monday we have a welcome meeting where students can hear about the week's activities while having tea or coffee. Some are free, like the City Tour, Language Exchange and some are paid for at the school. Weekly cultural and social activities, led by one of our Spanish teachers. Throughout the year we offer one or more of the **following activities every week:**

- City Tour
- Cooking Classes or Pintxo Tours
- Centro Botín or Naves de Gamazo visit
- Concerts and dance classes
- And much more!

Our Total Immersion Programme is a free option to practice your Spanish with local people. Discover our weekly language exchange or participate in our Talking Pal programme in which you meet a local friend while you both practice languages.
