Frequently Asked Questions (FAQ)

What are the main differences between the Junior Program and Summer Camps?

The Junior Program is designed for teens who want to start discovering the world for themselves: part-time supervision + enjoying free time + learning Spanish in our school for adults.

Is supervision part-time or full-time? What happens when there are no scheduled activities?

Supervision is part-time. Students will be supervised in the residence, in the school, and during the group activities. The program combines group activities with free/unsupervised time.

When there are no scheduled activities, students can choose to participate in the free activities and optional excursions the school organizes for all students.

Where does the program take place?

Classes are held in our language schools, while guided activities take place outside the classroom. This way, students can experience best of the city as they practice Spanish by interacting with the locals.

Do the staff sleep in the residence?

Our student residence always has staff in charge 24/7.

Can I sign up for the Junior Program without housing?

Yes, you can opt for the Junior Day Program where you will have Spanish classes and activities from Monday to Friday.

What time is curfew?

There is no official curfew, but parents can establish a curfew for students under 18. All students will receive a welcome

pack with the residence rules. Our residence staff will make sure everything runs smoothly.

What's the housing like?

Housing in student residence or homestay is just a short walk from the school. It has common areas, TV, WiFi, and laundry access. Double or triple rooms with shared bathrooms.

How do students get from the airport/train station to the housing?

We can provide a transfer service. Ask your academic counselor for a quotation.
