Location

SCHWARZSEE

FRIBOURG
CANTON

The "Black Lake" is at 1050m altitude. Legend has it that the name comes from the fact that a giant washed his feet in it. However, it reflects different shades of blue depending on the daylight.

During summer the water can reach up to 22°C! With the incredible scenery that surrounds it, jumping in becomes irresistible!

Next to Schwarzsee is the Brecca Canyon, which since 1996 has been registered in the Swiss Federal Inventory of Landscapes, Natural Places and Monuments of National Importance. Here you get to see marmots, chamois or may even spot an eagle soaring between the mountain peaks.

The nearest towns are the capital city of the Canton, Fribourg, which is only a 40 minutes drive away and the capital of Switzerland, Bern.
