ABOUT COMO

Como offers a safe, friendly and welcoming environment where everyone is made to feel welcome. Como is a beautiful town situated in a small valley surrounded by the Valtellina mountains and the point tip of the famous Lake Como. Just north of Milan and a few minutes from the Swiss border, the area is one of the most picturesque settings in Europe and the local Comaschi residents are some of the most friendly people you will ever meet. Depending on your desires, Como can be an oasis of tranquility, natural grandeur, classical villas, a time for rest and relaxation or, for those with energy to burn, there is adventure, serious shopping, dancing and tons of fun and entertainment awaiting.

SHOPPING AND FASHION

Universally renowned as the world's capital of silk, Como and the surrounding areas have kept this tradition alive over centuries. There are many stores and shops which sell silk foulards, ties, and clothes at extremely discounted prices. Milan is the pinnacle for designer shopping lovers! Gianni Versace, Miuccia Prada, Giorgio Armani and Dolce & Gabbana all started their careers in Milan.

WINING AND DINING OR JUST RELAXING

If eating, drinking and being merry is more your style we can arrange cooking classes, wine tasting, grappa tasting, cheese tasting or even olive oil tasting all from the local producers along the lake and surrounding Area. Even just strolling through the streets of Como on a Saturday afternoon is a part of the local culture. There are also many pool and lakeside beaches providing plenty of opportunity in the summer to work on your suntan. Cocktails can be included!

MUSEUM AND MONUMENTS

The Volta Temple is a museum dedicated to the inventor of the electric battery, Alessandro Volta. Museo Didattico della Seta (Silk Museum) documents the history of the silk industry in Como. The Duomo, built between XIV and XVIII centuries, is a mix of Renaissance and Gothic style. Villa Olmo, built in 1797 in the neoclassic style, hosted Napoleon Bonaparte & Giuseppe Garibaldi and other prominent figure. Villa Melzi (1808-1810) where tradition says Franz Liszt composed some of his most famous piano sonatas, enjoys a magnificent panorama over the lake. Villa Carlotta has an English-Style park; and that is just the beginning!

ABOUT MONZA

Monza is a city with different souls that reflect its history. Undoubtedly known for the Formula One Grand Prix, Monza truly offers a cross-section of history and culture that describes the different eras that it has gone through: the Longobard tradition, linked to Queen Teodolinda, and the splendour of the Hapsburgs, Napoleon and the Savoy dynasty. Monza welcomes us to a historical centre with a sober and collected atmosphere. The city is also linked to Alessandro Manzoni's literary masterpiece, *I Promessi Sposi*, which tells us about Monza through the figure of the controversial Monaca di Monza.

SHOPPING AND FASHION

The main street, Via Italia, and the streets that branch off from the Duomo and the Arengario are full of ateliers, shops and workshops. Between the centre and the station is La Rinascente di Monza, one of Italy's many stores: what makes it unique is that the building that houses it originated as weaving mill and is now an attraction for citizens and tourists.

WINING AND DINING OR JUST RELAXING

Monza is also and above all synonymous with sport, outdoor life and greenery. Just a few steps away from the streets of the old town center are the more than 700 hectares of the Monza Park, established on 14 September 1805 by Emperor Napoleon with the aim of making it a model agricultural estate and hunting reserve. Inside, in addition to the famous racetrack, there are splendid neoclassical villas, farmsteads where you can shop on a zero-kilometer basis, ancient mills and an equestrian center where you can experience horse riding.

MUSEUM AND MONUMENTS

Monza, with a past as a Roman vicus and with its medieval imprint, today gives us unique treasures, linked to its rich past. The Cathedral of Monza, could be called the Sistine Chapel of Lombardy. The Museum and Treasure of the Duomo houses a collection unique in the world: from the treasure of the Lombard kings to the gifts of Napoleon I. A few steps away from the Duomo, in via Teodolinda, we recommend a visit to the Musei Civici, which contain the heritage of the Pinacoteca Civica and the Museo Storico. Also in the heart of Piazza Trento Trieste, we find the Monumento ai Caduti; the work of Enrico Pancera, it represents a victorious assault depicted by twelve mighty figures. The Arengario is the old town hall and is located in Piazza Roma, almost contiguous to the Duomo. Finally, another monument that stands out is the Ponte dei Leoni, over the Lambro river, built in 1842 on the remains of the ancient Roman Ponte d'Arena bridge.

COURSES (online or at school)

FFP (Flexible frequency Program) – individual courses

Individual, one-to-one, training is the most efficient way to learn a language. With the exclusive attention of your trainer you have the opportunity to progress at your own pace. More importantly the course can be adapted and tailored to your individual needs and focus on specific language skills and vocabulary that are or will be important to you in your job. If you cannot attend a rapid, full-time training course, FFP course is perfect for you. FFP courses start any day.

COURSE	IN CLASS LESSONS	HOURS	FEE: 1/06-30/09	FEE: 1/10-31/05

CIP (Crash Intensity Programs) – individual courses

The CIP course structure ensures intense study of a language. This program is flexible insofar as the amount of class hours per day (between 2 and 6 hours a day) from Monday to Friday. The final result is that the student can reach fluency after a relatively short time. CIP courses begin every Monday of the month.
