High School Programme

Full Academic Year September - June

One Term September - December/ January to April

One Semester September - January / January - June

We have over 25 years' experience in offering our High School Programme and take pride in placing students in top public and private schools around Ireland. We organize and supervise students' High School Programme from start to finish, taking care to place students in the best school for them. As a founding member of the AGPI, The Association of Guardianship Providers in Ireland, we provide the highest standards of guardianship for all our High School Programme students. We support, and ensure the safety and security of our High School Programme students.

Parents are kept informed of their child's academic progress and general welfare at all times. They can be confident that their child will receive the best possible care and attention. Reports are sent regularly throughout the year. As well as receiving regular visits, the student can contact his or her guardian to request support.

An academic semester, or year in Ireland, provides students with an invaluable opportunity for personal development, increasing cultural knowledge and gaining confidence in the English language. The High School Programme is open to all students aged 12-18 years and is available in a wide variety of both private and state schools, throughout the country. The Irish educational system offers an excellent range of academic subjects in science, technology and the arts.

Public Schools

For EU students only

International House Dublin works in partnership with over 50 state schools all over Ireland. Our partner schools have been carefully selected based on their record of academic achievement, enthusiasm for accepting international students and understanding of the High School Programme.

The schools we work with feel that they too benefit from the cultural exchange. We take great care to regulate the number of students in any one school, to ensure maximum integration. Students live with a local host family are encouraged to become fully involved in the social life of the school and local community.
