General Remittance

Please read the following precautions when remitting funds.

1. Please have the invoice from ISI ready when you send the money.
2. Please confirm the bank information (bank name, branch name, account number, account name, etc.) on the invoice before proceeding. If there is any discrepancy in the bank information, we will not be able to confirm the payment.
3. Please enter the reference number shown on the invoice and the Romanized name on the passport in the "Client" or "Contact" field.
4. The above information is important to identify the payer. Please note that remittances made in a name other than the student's name (e.g., the person who pays the student's tuition, a family member's name, etc.) will make it impossible to identify the sender and may cause delays in the admission process.
5. Please submit the receipt of payment issued after the remittance is completed via "Campusmate-J" or send it to the person in charge as an email attachment. This receipt will be your "proof of payment", so please keep it in a safe place and do not lose it. Please note that only long-term students can submit the remittance receipt from "Campusmate-J".
6. Please ask your financial institution about the procedures for remittance. Please note that the school is not responsible for any losses or problems that may occur during the remittance process.
7. If you wish to send money through Flywire, please visit the Flywire homepage and contact the support desk if you have any questions.

1 Long-Term course fees

We will refund the remaining balance after deducting the refund/transfer fees mentioned below. If the amount already paid is less than the refund/transfer fee, the student will be required to pay the amount in shortfall. In principle, no refund will be made in the case of a delay in the issuance of a "Certificate of Eligibility(COE)" or "Student Visa", or in the case of a delay in the arrival of a student due to reasons beyond the control of the school, or in the case of a shortening of the period of study.

1.1 Long-term course (pre-entry)

The Application Fee and Admission fee are non-refundable for any reason. In the case of an admission fee reduction, the amount equivalent to the admission fee will not be refunded. If you wish to cancel the course you have applied for and change the enrollment period, we will transfer the remaining balance to the desired enrollment period based on the date of your cancellation request below. The second change of enrollment date will be refunded in principle (Those who change their period of enrollment to a term that is more than one year after the term in which they initially applied for, will not be able to transfer their fees.). In the case of a refund after a transfer, the refund amount will be calculated based on the date of cancellation of the first transfer, and the refund/transfer fee will be charged for each transfer and refund (for two transfers). Please note that if you re-enroll within one year after cancelling a course, the Admission fee will be waived. The application fee will be charged each time you apply for the COE. The following refund/transfer fees will be charged starting from the date of cancellation request. Please understand this in advance.
