Bath

The best place to study...

Vibrant, inspiring, stunningly beautiful and safe - you could not pick a better place to study English than Bath.

It is known for its honey-coloured Georgian crescents, cobbled streets, outdoor cafes and bustling bars, and is seen by many as the most beautiful, vibrant city in England. It is a wonderful place to experience British culture outside of London and the larger cities.

It's the perfect place to learn and be inspired: the city has a large international student population, with two universities, and there's always something happening for young people.

UNESCO has designated Bath as a World Heritage Site, it is home to the only hot thermal springs in England and you can still visit the Roman Baths and even try the waters yourself at the Thermae Bath Spa. Nearby you'll find Stonehenge, Glastonbury and Bristol, and London is just 90 minutes away by train.

"I had a great time here in Bath, it is a beautiful city and I will miss everyone at Languages United! Thank you for a great experience!"
Celia

EMPLOYABILITY AND LIFE SKILLS PROGRAMME

- English for employability and life skills programme is designed for older junior students to help them apply what they've learnt in the classroom to real-world situations, enriching their education, improving employability, developing life skills and guiding their future paths.
- Our course is designed to give students hands-on experience. They will take part in project-based learning, including a Dragon's Den-style competition where they pitch their ideas, and conduct interviews with local businesses. These activities help students apply their classroom learning in practical ways, developing their confidence and skills.
- Students will stay in homestay accommodation, giving them a safe and immersive experience of British life. This helps students practise their English in everyday situations and experience the local culture first-hand, which is a valuable part of their learning.
- We offer fantastic Bath city-centre location and creative, experienced teachers.
