# ACCOMMODATION

## HOST FAMILIES

Staying with a host family provides a fully immersive experience; it's the best option for improving your level of French during your stay.

Staying with a host family is an excellent way for students to discover the French way of life, to practise French at mealtimes, to enjoy activities with locals, to make connections and keep in touch with a French family, even after their stay.

Junior and teenage students share their room with one or more students of the same gender.

Our host families are carefully selected according to a very precise screening process and most of our families have been working with us for years.

The families are located close to our junior centres or are easily accessible by foot, tram or bus.

We do our best to ensure that only one student speaking the same mother tongue is placed with each family.

# MEALS

## MEALS WITH A HOST FAMILY

Juniors will have breakfast and dinner with the family.

They will have lunch during the week with their classmates (canteen, caterer or bakery) as well as lunch on Saturday as part of the excursion. They will also have 2 evenings out for dinner during their stay.

Students have lunch and dinner with their family on Sunday.

Emergency telephone number available 24/7

Transfers included\*
