## Teaching Style

At Live Language, the students are at the centre of everything we do. We don't believe that the text book should lead the class. We **adapt our course materials** to suit each class. This approach has helped our students **make real progress** and **achieve their goals**.

We also believe in helping our students become **independent learners** so our classes emphasise different ways of studying outside class. This means that our students learn the skills they need to continue studying after they finish their course with us.

## Why Live Language?

- British Council Accredited.
- Classes from Beginner to Advanced level.
- Experienced teachers.
- Student-centred approach to teaching.
- Small Groups – max 14 Students.
- Friendly student support team.

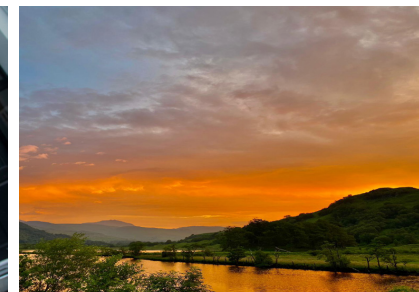

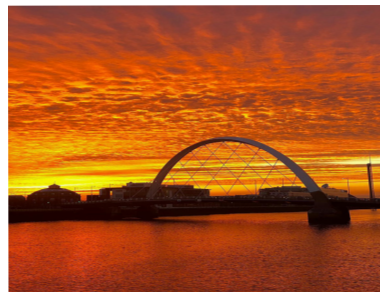

## Our commitment to you

**Student success is our passion** therefore we do everything possible to help our students progress. suit each class.

**It's a team effort.** The most successful students **maximise their progression** by attending all their classes, doing the homework and speaking English at all times while they are in the school.

## How do we monitor your progress?

- Level test on arrival.
- Regular progress tests.
- Personal one-to-one tutorials with the teacher every 4 weeks.
