Student support

At NED College, students can count on having professional support in their own language. Every member of our team had studied abroad and lived the same experience as our students, so they will fully help you before you arrive in Ireland and during your study period. Our student advisors COMPLETELY understand what living abroad means. They will inform you, from top to bottom, about the English course, visa, accommodation, public transport, work permit, and how to get the best out of your experience in Dublin or Limerick.

Accommodation in Ireland

We aim to make you feel at home in Ireland. Your accommodation is an extremely important part of the whole experience. The various locations where we can accommodate students are all close to public transport, shopping centres, supermarkets and banks. With NED College you can rest assured that we will provide you with quality accommodation that best suits your needs. We work with Host Families, Hostels and Student Accommodation. Talk to our team to see which one best fits your needs and budget.

Airport Pick-up

When you arrive in Dublin or Limerick to take our English courses, an Airport Pickup service can be arranged if necessary. This service ensures convenient and safe arrival at your residence, hotel, or hostel after landing.

NED College Student Card

NED College has its student card which provides discounts for our students in several shops, restaurants, cinemas and more. All students can get this card which will be valid for the period of the student's stay in Ireland. It is free for students and it will guarantee discounts and special offers!

Enrolled Learner Protection

In line with current national regulations, all students enrolled on courses 3 months or longer in duration, are obliged to purchase the Learner Protection as part of their course fees. This is insurance that protects the student's fees in the unlikely event of something happening to the school.

Health Insurance

We will give you support in requesting your Health Insurance after you arrive in Ireland and before going to the Immigration Office. Remember that Medical insurance is compulsory for visa-required students.

Induction Day

As soon as the student arrives and before starting the course, our team will deliver an induction day. This meeting is of utmost importance for us! It is done to inform students everything they need to know about NED College and the experience they are about to start. All these details will be explained in own languages, so everything is fully understood!

English Exams & Certification

Setting a goal is the best way to motivate and help yourself to reach your objectives. English certifications, such as Cambridge Exams and TIE, are a great external motivator to get you studying and working hard during your time in Ireland. Here at NED College, we offer exam preparation to help you achieve those important goals. Remember that at NED College students enrolled on a 25-week course, must take an end-of-program examination.

Extra Activities

NED College believes that time spent outside the classroom is very important to help you to improve your language and make new friends. Therefore, we provide activities related to the learning process itself, such as our free extra classes covering conversation, pronunciation, grammar and how to create your CV. It's very important to remember to get out into the open air, so we organize outdoor activities, excursions and trips, such as our annual trip to Morocco.
