

General English Course

COURSE DESCRIPTION

Our General English classes focus on developing all four skill areas: reading, writing, listening, and speaking. We also aim to expand students' vocabulary and grammar knowledge.

All grammar points and functions included in the syllabus are taught and learned communicatively, ensuring students can thrive in an English environment.

Outdoor learning is also promoted within the curriculum as a means to support students in using and applying what they have learned in the classroom to real-life situations.
