Welcome to TANDEM Munich!

For over 30 years offering German language training.

We attach great importance to creating a personal and relaxed learning environment. At TANDEM we are convinced that studying can only be successful if it's also entertaining!

We feel it is important to offer communicative and lively lessons in which the students practise all four language skills (reading, writing, speaking and listening) and where grammar is explained in such a way that it is easy to understand.

Your personal interests and wishes come first! We teach small groups that are interactive, motivating and cheerful. You are continuously encouraged to speak the target language. We use modern course books, complemented by additional authentic texts.

We hope you enjoy learning German!

Individual and mini-group courses

The **Individual Training** is a made-to-measure programme for rapid progress and intensive, successful learning. With our flexible class schedule, you train at times to suit you! Achieve consistently rapid progress whilst focusing on your own particular goals.
