

The Bournemouth School of English

An independent language school in the centre of town.

SCHOOL

With everything from traditional teaching methods to modern and authentic materials, we have something for everyone.

The Bournemouth School of English offers General English classes at all levels, and for all ages. We also prepare students for internationally-recognised exams, such as the Cambridge: First, Advanced, and Proficiency, as well as the IELTS exam. You can also personalise your own learning experience by choosing classes based on your needs and interests.

Individually-tailored programmes...

No two students are the same; everyone has their own needs, and their own interests. We create the right programme for every individual so that you can be guaranteed to get the very best course for you. We are as flexible as you need us to be, with both part-time and full-time courses to suit your availability.

Because of the size of our school, and the friendly and welcoming atmosphere we maintain, you will feel comfortable and relaxed at all times.

With flexible prices that reduce the longer you stay, there's never been a better reason to stay for one more week!

... in a great location!

With 11 large and comfortable classrooms, our school is in the centre of Bournemouth, a vibrant and safe town on the south coast of England.

HOMESTAY

Homestay gives you the opportunity to practise your English outside of the classroom.

We recommend homestay accommodation, and organise this for our students all year round. A homestay situation is where you live with a local host; the host will treat you as a full member of the household, eating together and sharing the common living areas.

We work closely with many homestay hosts to find accommodation for our students. Every home is different, but the most important thing to remember is that living with an English host is not like staying in a hotel.

RESIDENCE

Residential accommodation will give you a private room in a shared building.

There are many student residences in and around the town centre, offering you a room in a large, shared building. You may also have a private en-suite bathroom as well, although sometimes bathrooms are shared between a number of rooms.

You can find a number of possibilities listed on our website, but all residences are independent and we cannot be responsible for your booking. Please do check everything carefully before you commit.

LEISURE

If you want to make the most of your time in England, you can combine your studies with a leisure programme.

Bournemouth is one of the most famous places in England and its popularity has grown hugely. The town has a large and lively student population, and combines the excitement of a big city with the homeliness of a smaller town.

It is a great place to study and the town has something for everyone; 7 miles of beaches, a lively centre for shopping and culture as well as the fantastic nightlife in the many bars, pubs and clubs!

When you're in Bournemouth, you should take the opportunity to explore more of the region. The South of England has so much to offer, including some world-famous destinations.

What better way to spend your time than by visiting some of the UK's most famous cities and sights while you concentrate on improving your language?

We have collected some ideas for you, and you can see more on our website. We can always help you to organise a trip to any of these places, so please ask if you are interested.

We also work with local tour companies that run regular trips to famous and interesting places; just ask if there's something you want to see!
