WORKSHOPS AND ONGOING PROFESSIONAL DEVELOPMENT

For partners not ready to commit to a full or partial course we can develop shorter **workshops** (1-3 hours) to be used for individual professional development days.

We can develop a workshop to meet a partner's specific problem:

- ▶ Example: Teachers have a hard time getting students to speak during grammar class
- ▶ We create a workshop called:
 - ▷ "Excellent speaking tasks for grammar lessons"
 - ▷ "Ensuring language support for guided speaking tasks in grammar lessons"

There is also always the possibility of creating a series of professional development workshops that could be approved by local colleges and universities to be equivalent of a number of credit hours.
